Top Questions

How do I set up Direct Deposit?

Follow these steps for setting up [Direct Deposit](#).

When will my deposit be credited to my account?

If you make your deposit on a business day before the cutoff time displayed at the banking location, ATM, or on the Wells Fargo Mobile® app, we will generally credit the deposit to your account the same business day. If you make your deposit after the cutoff time or on a non-business day, we will credit it to your account on the next business day.

- Business days are Monday through Friday, except for federal holidays.
- Cutoff times are displayed in all locations. The cutoff time for most Wells Fargo ATM locations is 9 p.m. local time. The cutoff time for deposits using the Wells Fargo Mobile app is 9 p.m. Pacific Time.
- [Use our locator](#) to find the cutoff times for a banking location or ATM nearest you.

Note: In some cases it may be necessary to place a hold on your deposit. For more information, see the Availability of Funds Policy in the [Deposit Account Agreement](#). If you have questions about a hold that we placed on your deposit, please call 1-800-TO-WELLS (**1-800-869-3557**).

Can I use my mobile device to make a deposit?

Yes. With Wells Fargo mobile deposit ⁴ ("Mobile Deposit") you can make a check deposit directly into your eligible checking or savings account using the Wells Fargo Mobile app on supported Apple® and Android™ devices. Mobile deposit lets you submit photos of the front and back of your endorsed check. You can save time with fewer trips to a Wells Fargo ATM or branch.

[Learn more.](#)

What is my routing number?

Also known as a routing transit number, RTN, or ABA number. A routing number facilitates transactions such as inter-bank transfers and direct deposits. Routing numbers differ for Wells Fargo Checking and Savings accounts, Lines of Credit, and wire transfers. [Find your routing number.](#)

What is a deposit hold and why was a hold placed on my deposit?

A deposit hold means that although a check amount was credited to your account, it's not available for your use. Wells Fargo Bank's general policy is to make deposited funds available on the first business day after the Bank receives a deposit. In some cases, however, we may place a deposit hold on these funds and delay availability for up to 7 business days. Common reasons for placing a hold on a check or deposit include but are not limited to:

1. Outstanding Cashier's checks are subject to state or territorial unclaimed property laws.

If the cashier's check is lost, stolen, or destroyed, you may request a stop payment and reissuance. A stop payment and reissuance can only be completed within a branch location. As a condition of stop payment and reissuance, Wells Fargo Bank will require an indemnity agreement. In addition, for cashier's checks over \$1,000.00, the waiting period before the stop payment and reissuance of an outstanding cashier's check may be processed is 90 days (30 days in the state of Wisconsin and 91 days in the state of New York). The waiting period can be avoided with the purchase of an acceptable surety bond. This can be purchased through Wells Fargo's approved insurance carrier or through an insurance carrier of the customer's choice. The cost of a surety bond varies depending on the amount of the bond and the insurer used. Surety bonds are subject to the insurance carrier's underwriting requirements before issuance. If the surety bond is not provided, the waiting period applies.

2. Our overdraft fee for Consumer checking accounts is \$35 per item (whether the overdraft is by check, ATM withdrawal, debit card transaction, or other electronic means), and we charge no more than three overdraft fees per business day. Overdraft fees are not applicable to Clear Access Banking accounts.

Recurring debit card payments and other transactions, such as checks, ACH transactions, and other transactions using your account and routing number, may continue to be authorized into overdraft at our discretion if there isn't enough money in the account, even if the account is not enrolled in Debit Card Overdraft Service, and our standard overdraft fees and policies will apply.

The payment of transactions into overdraft is discretionary and we reserve the right not to pay. For example, we typically do not pay overdrafts if your account is overdrawn or you have had excessive overdrafts. You must promptly bring your account to a positive balance.

3. The monthly service fee for Wells Fargo Fixed Rate CDs is \$0. The minimum opening deposit for a Standard Fixed Rate CD is \$2,500, unless otherwise noted. The minimum opening deposit is subject to change, as shown on [wellsfargo.com/savings-cds/rates](https://www.wellsfargo.com/savings-cds/rates).

You may pay an early withdrawal penalty or a Regulation D penalty if you withdraw funds from your account before the term is complete. Some exceptions may apply. Penalties could reduce earnings on this account. The early withdrawal penalty amount is calculated and deducted from any earned interest. If the penalty is greater than the earned interest, the remaining penalty amount is deducted from the principal of the account.

The Regulation D penalty is seven days' simple interest on the amount withdrawn and applies to:

- Withdrawals made within seven days of account opening including the day the account was opened.
- Withdrawals made during the grace period, when additional deposits are made during the grace period and the withdrawal exceeds the amount of the matured CD balance.
- Withdrawals within seven days of any prior withdrawal where the Bank's early withdrawal penalty is not applied.

Other than the Regulation D penalty described above, any money withdrawn from the CD before the end of its term will be subject to an early withdrawal penalty based on the length of the CD term. If your term is:

- Less than 90 days (or less than 3 months), the penalty is 1 month's interest,
- 90 to 365 days (or 3-12 months), the penalty is 3 months' interest,
- Over 12 months through 24 months, the penalty is 6 months' interest, or
- Over 24 months, the penalty is 12 months' interest.

See the [Consumer Account Fee and Information Schedule and Deposit Account Agreement](#) for additional consumer account information.

4. Mobile deposit is only available through the Wells Fargo Mobile® app on eligible mobile devices. Deposit limits and other restrictions apply. Some accounts are not eligible for mobile deposit. Availability may be affected by your mobile carrier's coverage area. Your mobile carrier's message and data rates may apply. See Wells Fargo's [Online Access Agreement](#) and your applicable business account fee disclosures for other terms, conditions, and limitations.

5. With Zero Liability protection, you will be reimbursed for promptly reported unauthorized card transactions, subject to certain conditions. Please see the applicable Wells Fargo account agreement or [debit and ATM card terms and conditions](#) for information on liability for unauthorized transactions.

6. Sign-up may be required. Availability may be affected by your mobile carrier's coverage area. Your mobile carrier's message and data rates may apply.

7. Your card's daily ATM withdrawal limit is the maximum amount of cash you can withdraw each day from any combination of accessible accounts using your card, less any fees charged by the non-Wells Fargo ATM operator or third party, if applicable.

8. Available balance is the most current record we have about the funds that are available for your use or withdrawal. It includes all deposits and withdrawals that have been posted to your account, then adjusts for any holds on recent deposits and any pending transactions that are known to the Bank. This balance may not reflect all of your transactions, such as checks you have written or debit card transactions that have been approved but not yet submitted for payment by the merchant.

9. Turning off your debit card is not a replacement for reporting your card lost or stolen. Contact us immediately if you believe that unauthorized transactions have been made. Turning your card off will not stop card transactions presented as recurring transactions or transactions using other cards linked to your deposit account. Posting refunds, reversals, and credit adjustments to your account will continue. Any digital card numbers linked to the card will also be turned off. Availability may be affected by your mobile carrier's coverage area. Your mobile carrier's message and data rates may apply.
